This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

**Usage guidelines**

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

**About Google Book Search**

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

BIBLIOTHECA·BODLEIANA·
DOMINUS ILLUMINATIO MEA

# PREFACE.

The following Tables are similar in plan to a small set published by the undersigned at Shanghae five years ago. These former Tables are now out of date, from subsequent alterations and reductions in the rates of charges &c., and he has therefore ventured to re-produce them in an extended form, and adapted for both Hong-Kong and Shanghae Rates.

The Tables are designed to shew in London the cheapest mode of remittance to China, according to latest advices compared with rates in London; or to the Merchant in China they will exhibit the cost, in his own currency, of remittances received by him in Silver, Dollars, or Drafts on India.

The Tables of Per-Centage enable Charges, Interest, and Agent's Commissions, to be estimated at different scales at pleasure, and the Tables are thus secured from becoming obsolete through any future alterations in the Rates of Freight, Insurance, or other charges. Tables for Silver and Dollars, including these charges on the scale now existing, have been added, for the use of those who may prefer that plan.

F. M. PAGE.

LONDON,
*January*, 1863.

## BAR-SILVER.

In shipping Silver to China, the bars should not only fully average 17 dwts. Better, but very few of them should be at all below that standard. The Chinese prefer silver as nearly pure as possible, and there is always difficulty in getting them to take over even a few bars of 15 or 16 Better, except at an unfairly disproportionate rate to the bulk.

In sales or payments of Bar-Silver in China, whether between Natives or Foreigners, unless there is a special stipulation, it is understood (and by common agreement carried out in practice) that the purity is to run fairly between 17 and 17½ Better, and although in large amounts a *few* bars as low as 15 or 16 Better, if compensated for by a proportion of the higher standard, will generally be received without demur, yet if they are at all out of proportion to the bulk, objection and dispute is sure to ensue.

In London, the price of all Silver, whether high or low standard, is the same, being bought by the ounce of British Standard, but in China, silver of 16 or even 16½ Better, BY ITSELF, will rarely command as good a price in proportion as 17 to 17½ Better will. This remark equally applies to Silver of ALL 17½ BETTER, the Chinese are satisfied with about 17 Better, (or 996 touch) and Silver of that purity will always command the full market price.

The Bars should be clean and smooth in appearance, not black or discoloured, nor should they have a frosted or brittle appearance, as if gas had been evolved during casting. It may also be brought to notice that the Chinese Shroffs pay little or no regard to the separate Assay Reports on paper, while they thoroughly understand and always examine the stamp of the touch in decimals, affixed to French Bar-Silver.

As far as mere appearance goes, a Chinese Shroff will frequently select a Bar of even 16 Better in preference to one of 17½, if the former is bright, smooth, and clean, while the latter is black and tarnished, or discolored. Considerable difficulty was experienced with the silver recovered from the wreck of the "Malabar," a few years since, merely owing to the bars having become discolored by the action of the water.

# MEXICAN DOLLARS.

The weight of a New Mexican Dollar has been estimated, from averages taken some years ago, to be 415 75, and again, 415 95 Grains Troy; both these estimates are too low; 1,000 New Mexican Dollars are now found to weigh between 867 and 868 ozs. Troy, and in forming estimates, the general practice, and the safest plan, is to assume the higher weight of 868 ozs. Troy to the 1,000 Dollars.

Mexican Dollars, for the North of China, should be new and clean, the edge or rim perfect, and the tone or ring clear and sound; these are the general requisites that the Chinese look for, and each Dollar undergoes a separate examination in the hands of their Shroffs.

Dollars that are at all worn from circulation, tarnished, or discolored, chipped or broken at the edge, faulty, or imperfectly coined, are at once rejected from the 1st Class or "No. 1 Dollars." Such Dollars, however, provided they are not very much worn or discolored, class as "No. 2," and generally maintain a value of from ½ to 2 or 3 per cent., above the ordinary Hong Kong currency of chopped or broken Dollars. They are shipped to Japan and to other places, where they are current.

It is of course, impracticable in London to have every Dollar separately examined and classed, and even if it could be done, the result in China would probably be as uncertain as at present. The Chinese are so fanciful, and their opinions, regarding Dollars, are so notoriously variable and uncertain, that a batch which would be passed at one time as undoubtedly 1st Class, at another time, or with an altered market, would be obstinately rejected.

After every care has been taken in London to secure the best Dollars possible, shippers may generally reckon that at least 1 or 2 per cent. of them will be rejected by the Chinese Shroffs, or passed as only equalling No. 2 Class; and they will have to be sold at the lower rate accordingly. The difference thus occasioned however, ought to be too small to affect the result of any estimate, it will only amount to a per centage *on a per centage* of the whole shipment.

It may be pointed out that in Table No. VII "Mexican Dollars to Hong Kong at Prime Cost," the first column, "Sold at 100," shews the cost of one Dollar in London, bought at the several rates in the margin, (i e assuming that the weight of 1,000 Dollars is 868 ozs. Troy.) Thus, Mexican Dollars bought for any purpose at 5*s.* 6*d.* per oz., cost 4*s.* 9*d.* 29 each Dollar, and as the intrinsic value of a Mexican Dollar, compared with the English currency is only about 4*s.* 2½*d.*, this rate is more than 13¼ per cent. above the intrinsic value of the coin; the rate per oz. at the par, or intrinsic value, would be 4·10¼.

## RUPEE DRAFTS ON INDIA.

It is scarcely necessary to point out that in purchasing Rupee Bills for remittance to China, the usance should be at 60 days sight; the Drawer is then desired to send on the First of Exchange direct to India for acceptance, and he marks the Seconds and Thirds to that effect; these last are then sent out by the purchaser to China, for sale there as Sight Bills.

In Shanghae the demand is generally for Rupees on Bombay, (wanted as returns for Malwa Opium). In Hong Kong it is the reverse, the demand for Bills on Calcutta usually exceeding the demand on Bombay, (Remittances being chiefly to Calcutta for Patna Opium,) hence, under ordinary circumstances, Remittances to Shanghae will lay down best by Bills on Bombay, and to Hong Kong by Bills on Calcutta.

The difference in the Rates on Bombay and Calcutta in London, compared with the difference in the (last advised) Rates of Sale in China will shew which mode is likely to be most advantageous. In London the Rate on Bombay is generally ⅛*d.* to ¼*d.* *higher* than on Calcutta; in Shanghae, the Rate on Bombay varies from Par to Rs. 2, and occasionally Rs. 3, *lower* than on Calcutta—hence taking the average Rate of Purchase in London at 2*s.*, and the average Rate of Sale in Shanghae at Rs. 300, ⅛*d.* in London is equal to Rs. 1·56 in Shanghae.

⅛*d.* on the Rupee at 2*s.* ..... equals 0·52 per Cent.
R. 1 on the Shanghae Rate at Rs. 300 „ 0·33 „

The only charge incurred on a remittance of Rupee Drafts, is the broker's commission on the sale in China, one-eighth per cent.

## CAROLUS DOLLARS.

The value of the Carolus Dollar has varied considerably in China, during the last few years, and there has lately appeared much probability of its being eventually superseded by the Mexican Dollar in the North of China. It is therefore, almost useless to form a *complete* set of tables, for shewing its cost as a mode of Remittance. A short table is however, appended, shewing the cost laid down at Shanghae, *exclusive of charges,* with wide intervals between the several rates of purchase and sale. This will suffice for general purposes, and the result of any intermediate rates, can easily be estimated from a comparison of those shewn by the table.

The average Full weight of the ordinary Mexican and Carolus Dollars, with their Purity and their Intrinsic value, at 5*s.* per oz. Standard, compared with the British Currency, are as follows:—

| | Full Weight. | | Report. | Intrinsic Value. | | |
|---|---|---|---|---|---|---|
| | Grs. Troy. | | | *s.* | *d.* | |
| Mexican Dollar (@ 868 ozs. Troy, per $1,000) | 416 | 64 | 6½ Worse. | 4 | 2 | 55 |
| Carolus Dollar (@ 862 „ „ ) | 413 | 76 | 7 „ | 4 | 2 | 09 |

## EXAMPLE.—RUPEE DRAFTS ON INDIA to SHANGHAE.

Bought at 1/10 per Rupee. Sold at Rs. 300 per Sh/Tls. 100.

---

INVOICE.—For Cost.

Say Rs. 1,000 at 1/10 ..... = £91 13 4 **Cost.**

---

A/c. SALE.—For Out-turn.

Rs. 1,000, Sold at Rs. 300 per Sh/Tls. 100 ..... = Sh/Tls. 333·333 **Proceeds.**

---

THEN.—For Cost per Sh/Tael.

| Sh/Tls. | | Sh/Tl. | | £ s. d. | | s. d. |
|---|---|---|---|---|---|---|
| 333 333 | : | 1 | : : | 91 13 4 | : | 5 6 |

---

FOR CHARGES.

| | s. | d. | dec. |
|---|---|---|---|
| Prime Cost as above ..... | 5 | 6 | |
| ¼ % on 5/6 as per Tables ..... | | | 17 |
| Cost with Charges at ¼ % ..... | 5 | 6 | 17 |

FOR INTEREST.

| | | | |
|---|---|---|---|
| 4 % on 5/6, (equal to 4 80 % per Ann. for 10 Mos.), as per Tables ..... | | 2 | 64 |
| Cost with Chgs. at ¼ %, and Int. at 4 80 % per Ann., ... | 5 | 8 | 81 |

The small figures annexed to each London Rate, enable these Tables to be adjusted for any other Shanghae Rates of Sale, intermediate to those given; they denote the decimal fraction of One Penny to be added for each advance of One Rupee in the Rate of Sale, along the whole of each lateral series. Thus,—

Required the Exchange given by a Purchase at 2/, and Sale at 298.

| | s. | d. | dec. | |
|---|---|---|---|---|
| A Purchase at 2/, and Sale at 295 gives Exch. of ..... | 5 | 10 | 80 | |
| Add 24 × 3..... = | | | 72 | |
| | 5 | 11 | 52 | Exch. given at 298 |

## EXAMPLE.—RUPEE DRAFTS ON INDIA to HONG-KONG.

Bought at 1/10 per Rupee. Sold at Rs. 220 per $100.

---

INVOICE.—For Cost.

Say Rs. 1,000 at 1/10 ..... = £91 13 4 **Cost.**

---

A/c. SALE.—For Out-turn.

Rs. 1,000, Sold at Rs. 220 per H/K $100..... = H/K $454 545 **Proceeds.**

---

THEN.—For Cost per H/K $.

| H/K $. | | H/K $. | | £ s. d. | | s. d. |
|---|---|---|---|---|---|---|
| 454 545 | : | 1 | : : | 91 13 4 | : | 4 0 400 |

---

FOR CHARGES.

| | s. | d. | dec. |
|---|---|---|---|
| Prime Cost as above ..... | 4 | 0 | 40 |
| ¼ % on 4/ as per Tables ..... | | | 12 |
| Cost with Charges at ¼ % ..... | 4 | 0 | 52 |

FOR INTEREST.

| | | | |
|---|---|---|---|
| 4 % on 4/, (equal to 4 80 % per Ann. for 10 Mos.), as per Tables ..... | | 1 | 92 |
| Cost with Chgs. at ¼ %, and Int. at 4 80 % per Ann. ... | 4 | 2 | 44 |

The small figures annexed to each London Rate, enable these Tables to be adjusted for any other Hong-Kong Rates of Sale, intermediate to those given; they denote the decimal fraction of One Penny to be added for each advance of One Rupee in the Rate of Sale, along the whole of each lateral series. Thus,—

Required the Exchange given by a Purchase in London at 2/1, and Sale in Hong-Kong at 227.

| | s. | d. | dec. | |
|---|---|---|---|---|
| A Purchase at 2/1 and Sale at 225 gives an Exchange of ... | 4 | 8 | 25 | |
| Add 25 × 2..... = | | | 50 | |
| | 4 | 8 | 75 | Exch. given at 227. |
